

Journey With God

Journey: "A long and often difficult process of personal change and development"

~ oxforddictionaries.com

Journeying with God is an interesting idea. In the process we begin to find out a lot of things about who God is and what He is like. And the flip side is also true; travelling with God will certainly have you learn a lot about yourself. God will show you the interior geography of your life, your history and your roots. The word "journey" comes from the French word "jour," which means "day." Journeys happen a day at a time. Those days add up and the result of our "Journey with God" is transformation.

Joseph is a case in point. His beginning point and his end point are so different. He travelled with God through highs and lows. As his life bounced back and forth between one problem and the next, he had to have his journey rooted in the unchangeable God. He becomes a model of how God prepares, sustains and turns seemingly impossible events around.

Jonah is another Bible character with an unusual journey. Yet God journeys with him in order to use him and change him in the process. Sometimes we, like Jonah, just need attitude adjustments along the way!

Your journey with God will be no different. It advances a day at a time, a day's portion at a time, and when we look back we are amazed at how far we have come. Join us at our Korea retreat in November 2017. Let's ponder the lessons from the lives of Joseph and Jonah together.
